**SPECIALTIES:** Nose, face and migraine surgery **LOCATIONS:** Lyndhurst  
**TECHNOLOGY:** Zeeba Clinic is equipped with state-of-the-art technology.  
**PHILOSOPHY:** Because of the scholarly and academic nature of the practice, Zeeba Clinic is on the forefront of any new developments and often pioneers new techniques. **EDUCATION:** Tehran University Medical School; general surgery, Boston University; plastic surgery training, Cleveland Clinic; and facial training, Toronto University **AFFILIATIONS:** Case Western Reserve University  
**MOST GRATIFYING PART OF HIS WORK:** It is most gratifying to see a patient's quality of life improve, including their self-image and self-confidence, as a result of the elimination of migraine headaches or facial flaws. No matter how rich a life is in every regard, when the quality of life is marred by pain or a negative self-image, a high quality of life is not going to be there. Zeeba Clinic strives to

improve this part of life for everyone and provides the best care possible for its patients. Dr. Guyuron finds it gratifying that his colleagues voted for him as one of the top facial surgeons and indeed one of the top two rhinoplasty surgeons in the country for the second year. Rhinoplasty encompasses the most challenging plastic surgery procedures. Mastering this technology makes the other plastic surgery techniques less of a challenge. **WHAT SETS HIM APART:** Dr. Guyuron has 41 years of experience in plastic surgery, which is invaluable, particularly when the focus is narrowed to a specific part of plastic surgery. In addition to plastic surgery being Dr. Guyuron's career, he also has a passion for education and has been teaching plastic surgery internationally for decades. **MISSION STATEMENT:** Zeeba Clinic's mission is to work to the best of its ability to provide the best possible care and results to every patient.
